

OR IV-stand with base weight

Material: stainless steel

I-O12212

- + effective infusion care by hanging safely IV-bottles and bags
- + completely stainless - enhanced hygiene and disinfection conditions through smooth, electropolished surfaces

Product description

Material:	stainless steel
Colour of plastic parts:	blue
Bottle holder:	stainless steel 4 safety bottle hooks - 2 kg / hook
Adjustment:	single handed safety height adjustment
Regulating range:	1.350 mm - 2.350 mm
Tube diameter:	25 / 18 mm
Length of outer tube:	1.000 mm
Base diameter:	635 mm
Base leg profile:	30 x 15 mm
Castors:	mono castors Ø 80 mm, according to DIN EN 60601 electrically conductive and lockable
Base construction:	weighted
Total / base weight (net):	appr. 6,0 / 4,3 kg with drip vessel and holder

Technology

- + great running characteristic through high value 80 mm Mono castors

Economy

- + complete recyclability

Safety

- + an integrated base-weights facilitates a safer attachment of various pumps and other medical equipment
